Company Announcement.

Kheeran becomes a National Board Authorized Inspection Agency

Edmonton, AB (July 22, 2015) – Kheeran Inspection Services Inc. is proud to announce that it has become a National Board Certified Authorized Inspection Agency (AIA).

Kheeran made the decision to go through the certification process as a way to be more competitive as a company and to be able to offer more development options for its employees. It allows Kheeran to handle inspections and jobs that it was not previously able to bid on, expanding our depth of service.

To become Authorized Inspection Agency certified, Kheeran went through an evaluation process that included looking at our entire quality program and supplementary documentation. Emphasis was put on our in-service inspection and repair procedures. This process was designed to help us identify corrective actions and make the appropriate changes, improving the Kheeran quality program in the process.
