Kheeran Receives ISO 9001:2015 Certification

Edmonton, AB (July 15, 2016) – Kheeran Inspection Services Inc. is proud to announce that it has received the ISO 9001:2015 certification.

Kheeran has been operating under the guidelines of ISO standards since the beginning of the company; however, we believe that continual improvement is important for any company.

The decision to upgrade to ISO 9001:2015 from ISO 9001:2008 was an easy one, we are looking to stay ahead of the curve as a company.

To become ISO certified, Kheeran went through an evaluation process that included looking at our entire quality program and supplementary documentation. This process is designed to help us identify corrective actions and make the appropriate changes. We will continue with our main goal to achieve continual improvement of our system and business.
